I called the number below and a male answered. I have your number listed as 304 268-8128. I called that but it does not identify the owner of the phone and I did not leave a message. Just want to verify your correct number. 8128 is also in your signature line.

Thanks,

Thanks for the call yesterday! We look forward to seeing the Agency's pandemic plan. We too are confident that FSIS has the ability to handle this crisis. We are committed to our communication with FSIS field personnel. We also wanted you to know that we will keep an open line of communication with your office. Alison Griffino has been communicating closely with Phil and will continue to do so. I will be available and prepared to answer questions you may have. I wanted to make sure that you and I have an open line of communication in case you have questions or need to reach someone at Tyson!!! I will be available on my cell 304- 268- 8129. Please call with any questions or if you need to reach any of us!

Tyson is committed to keeping our team members safe but also ensuring we keep a safe food supply available...

Thanks again and please let me know if I can be of any help!
